

Truffle Community Program

Supporting local community fundraising through donated portrait experiences.

The Truffle Community Program provides donated Childhood Portrait Experiences to selected community organisations as premium fundraising assets, helping raise valuable funds for their local communities.

Each donation is individually considered, allowing Truffle Photo to support a range of community organisations throughout the year.

What's included in the portrait experience?

- ✓ Planning consultation
- ✓ Studio portrait session
- ✓ Gallery reveal
- ✓ Artwork consultation
- ✓ Beautifully framed 11×14 fine art portrait valued at \$530

How the Program Works

- 1 Complete the application form.
- 2 Applications are reviewed and selected organisations are contacted.
- 3 Successful organisations accept the Community Program Agreement before receiving their Community Certificate and Welcome Pack.
- 4 The certificate is used in the agreed fundraising activity.

Which Organisations Does the Program Support?

The program is intended to support organisations that provide a clear benefit to their local community. Priority is generally given to volunteer-run and not-for-profit organisations, such as:

- P&Cs
- kindergartens
- community sporting clubs
- scouts and guides
- local charities
- community service organisations

If you'd like to discuss whether the Truffle Community Program is right for your organisation before applying, I'd be delighted to hear from you.

Truffle.
